Gen Reading the hop grist for this monster you'd be right in thinking we both have a bit of a soft-spot for Nelson Sauvin! We feckin' love the little gooseberryish beauties and felt that it was time, seeing as we'd just opened a fresh pack, that we made a proper strength IPA with enough hops to be serious... 380 grammes of hops in 10 gallons of wort, to be precise, and we can't wait for the results...!
