Gen A great day out was had with the Otleys where Gazza and Matt Otley concocted a whopper of a Black IPA! After much sniffing of hops we decided on the grist which gave an aroma akin to a tropical fruit cocktail! A lengthy conditioning time allowed the yeast to do it's work and the result was a full-on explosion of dark malt and bitter, fruity hops which I'm very pleased with indeed!

We know what hops are for...
